

# BEPI JOURNEY

**Step 5:**  
Track and encourage progress. Assess the maturity of your supply chain.

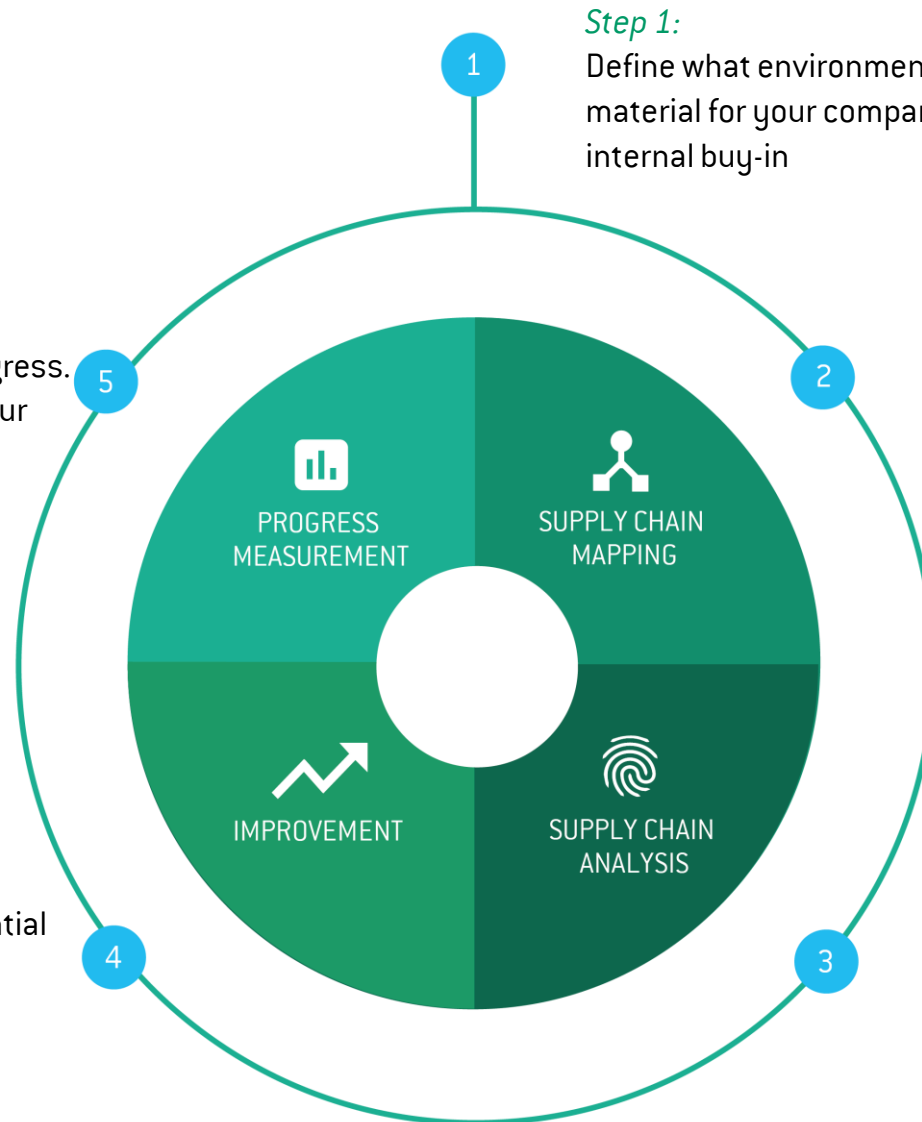

Improvement work

- 
- 

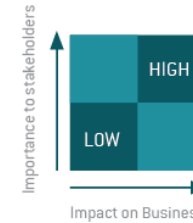

Training

- 
- 

**Step 4:**  
Select producers based on potential risk or low performance. Assign improvement work

**Step 1:**  
Define what environmental areas are material for your company. Get internal buy-in

**Step 2:**  
Map your Supply Chain. Create visibility and access beyond tier 1

**Step 3:**  
Analyse the self-assessment results of your producers. Map against risk elements.
